FULL SERVICE ESTABLISHMENT REGISTRATION APPLICATION

**COMMERCIAL PETROLEUM WEIGHTS AND MEASURES
SERVICE ESTABLISHMENT**

This application must be completed by each individual, partnership, company, corporation, society or association which operates a business as a service establishment for commercial petroleum weighing and measuring devices. The completed application must be accompanied by an establishment registration fee of \$150 and also by a service technician registration fee of \$50 for each employee of the service establishment who will be doing service work on commercial weighing and measuring devices. If the complete application for renewal of registration is not filed prior to the expiration of the current registration, a late registration fee of \$100 shall be charged in addition to the annual registration fees.

NAME OF ESTABLISHMENT _____

NAME OF PRINCIPAL OFFICER _____

MAILING ADDRESS _____

TELEPHONE NO. _____

PLACE OF BUSINESS (physical address of business, if same as mailing address put "same")

As principal officer of the establishment named above, I hereby apply for registration as a commercial petroleum service establishment for the purpose of conducting the business of repairing, reconditioning, servicing and/or installing commercial petroleum weighing and measuring devices in the state of New Mexico. This establishment will abide by the applicable rules and regulations of the Board of Regents of the New Mexico State University that have been or may be adopted under the Petroleum Products Standards Act (Chapter 98, Sections 1 through 16, Laws of 1993, NMSA). I certify that the employees of this establishment who will be doing the work are competent to repair, recondition, service or install the devices indicated on the reverse side of this application.

Signature of Principal Officer

List below the names and social security numbers of all services technicians associated with this establishment who will be installing, servicing, repairing and/or reconditioning, commercial petroleum weighing and measuring devices. A fee of \$50 must be paid for each registered service technician. If any are to be contacted at a different address than the establishment, include that information.
