

73-20-1. Short title.

This act may be cited as the "Watershed District Act".

History: 1953 Comp., § 45-5-19, enacted by Laws 1957, ch. 210, § 1.

Cross references. — For provisions of the Water Project Finance Act, see Chapter 72, Article 4A NMSA 1978.

Meaning of "this act". — The term "this act" refers to Laws 1957, Chapter 210, the provisions of which are presently compiled as 73-20-1 to 73-20-14 and 73-20-16 to 73-20-24 NMSA 1978. However, Laws 1961, ch. 32, § 37 enacted present 73-20-15 NMSA 1978 as part of the Watershed District Act.

ANNOTATIONS

Scope of provisions. — A careful reading of the Watershed District Act does not clearly indicate that the creation of watersheds is for the exclusive use of agricultural landowners and does not specifically exclude incorporated cities or towns within the watershed district. 1957-58 Op. Att'y Gen. No. 57-116.

73-20-2. Definitions.

As used in the Watershed District Act [73-20-1 NMSA 1978]:

A. "directors" means directors of the watershed districts; and

B. "supervisors" means supervisors of soil and water conservation district or districts in which the watershed district is located.

73-20-3. Purpose of act.

The purpose of the Watershed District Act [73-20-1 NMSA 1978] is to secure the federal assistance provided in Public Law 566 of the 83rd congress, and amendatory legislation, for New Mexico in its program to further the conservation, development, utilization, flood prevention and disposal of water, and thereby preserve and protect New Mexico's land and water resources.

History: 1953 Comp., § 45-5-21, enacted by Laws 1957, ch. 210, § 3.

Compiler's notes. — Public Law 566 of the 83rd congress, referred to in this section, appears as 16 U.S.C. §§ 1001 to 1008 and 33 U.S.C. § 701b.

ANNOTATIONS

Purpose of watershed district. — A watershed district is not a public utility organized for the purpose of supplying water to consumers. The basic purpose of the district is to "preserve and protect New Mexico's land and water resources." 1963-64 Op. Att'y Gen. No. 63-78.

District's funds can be used to pay portion of cost of reorganizing irrigations systems. This expenditure of funds is permissible only if the purpose of the reorganization is directly related to the conservation of water or one of the other statutory purposes for which watershed districts are established. 1963-64 Op. Att'y Gen. No. 63-78.

73-20-4. Watershed districts; formation.

Watershed districts may be formed as subdistricts of soil and water conservation districts in a watershed area, as provided in the Watershed District Act [73-20-1 NMSA 1978], for the purpose of developing and executing plans and programs relating to any phase of conservation of water, or of water usage, including water-based recreation, flood prevention, flood control, erosion prevention and control of erosion, and floodwater and sediment damages.

History: 1953 Comp., § 45-5-22, enacted by Laws 1957, ch. 210, § 4; 1965, ch. 84, § 1; 1973, ch. 332, § 2; 1977, ch. 254, § 46.

ANNOTATIONS

District's funds can be used to pay portion of cost of reorganizing irrigations systems. This expenditure of funds is permissible only if the purpose of the reorganization is directly related to the conservation of water or one of the other statutory purposes for which watershed districts are established. 1963-64 Op. Att'y Gen. No. 63-78.

Construction of flood detention dam is an authorized function of the district since the purpose of watershed districts is the development and execution of plans and programs relating to any phase of conservation of water, etc. 1963-64 Op. Att'y Gen. No. 63-78.

Am. Jur. 2d, A.L.R. and C.J.S. references. — 94 C.J.S. Waters § 230.

73-20-5. Area.

The land area embraced in districts must be contiguous and must lie within a well-defined watershed area or subwatershed areas. The districts may embrace lands lying in one or more soil and water conservation districts, or lands lying partly within and partly outside a soil and water conservation district.

History: 1953 Comp., § 45-5-23, enacted by Laws 1957, ch. 210, § 5; 1973, ch. 332, § 3; 1977, ch. 254, § 47.

ANNOTATIONS

Federal, Indian reservation and state lands may be included in watershed district only if the officials charged with administering such lands specifically agree to the inclusion of the lands in the district. Even if such agreement is obtained, there is yet another agreement that is a prerequisite to such inclusion; it would be necessary that the officials administering the lands in question also agree to put up a pro rata share of the district's budget, based on the value of the lands included in the district, because the assessment is to be uniform throughout the district. This amount may be difficult of computation, since in most counties property exempt from taxation is not carried on the tax rolls. The value of the real property as indicated on the tax rolls is a determining factor in computing the assessment. 1961-62 Op. Att'y Gen. No. 61-87.

73-20-6. Petitions.

When fifty or more landowners within a proposed watershed district, or twenty percent of the landowners within the proposed district, whichever is less, desire to form a watershed district, they shall file a petition with the board of supervisors. The petition shall define the boundaries of the proposed district, the number of acres of land involved, reasons for requesting creation of the district, the proposed name for the watershed district and other information pertinent to the proposal. In the event of a challenge to the validity of signatures on a petition, the burden of proof shall be on the sponsors of the petition.

The 2003 amendment, effective June 20, 2003, added the last sentence.

73-20-7. Presentation of petitions.

If the proposed watershed district lies in more than one soil and water conservation district, the petition may be presented to the board of supervisors of any one of such districts and the supervisors of all such districts shall act as a joint board of supervisors in the formation and supervision of such a watershed district.

History: 1953 Comp., § 45-5-25, enacted by Laws 1957, ch. 210, § 7; 1973, ch. 332, § 4; 1977, ch. 254, § 48.

73-20-8. Hearing; notice.

A. Within thirty days after the petition has been filed with the board of supervisors, it shall cause due notice to be given by publication for three consecutive weeks, once a week on the same day of each week, immediately prior to the action in a newspaper of general circulation in the area, and, if no newspaper of general circulation exists, shall post in not less than eight public places within the area, notice of a hearing upon the practicability and feasibility of creating the district. In addition to the publication provided for in this subsection, absentee landowners shall be notified by first class mail if their whereabouts can be ascertained by reasonably diligent search. All interested parties shall have the right to attend such hearing and be heard. If it shall appear at the hearing that other lands should be included or that lands included in the petition should be excluded, the board of supervisors may permit such inclusion or exclusion.

B. If it appears upon the hearing that it may be desirable to include within the proposed district, territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of a further hearing shall be given throughout the entire area considered for inclusion in the district and a further hearing shall be held. After final hearing, if the board of supervisors determines, upon the facts presented at the hearing and upon other available information, that there is need, in the interest of the public health, safety and welfare for such a district to function in the territory considered, it shall make and record the determination and shall define by metes and bounds or by legal subdivisions, the boundaries of the district.

C. If the board determines after the hearing that it is not feasible for such district to function in the territory considered, it shall make and record the determination and shall deny the petition.

History: 1953 Comp., § 45-5-26, enacted by Laws 1957, ch. 210, § 8; 1961, ch. 233, § 1; 1975, ch. 294, § 2.

ANNOTATIONS

Notice required for proposed district hearing. — All landowners who do not reside on their land within the proposed district but reside outside the district are entitled to notice by registered mail of a hearing and referendum on a proposed watershed district. 1963-64 Op. Att'y Gen. No. 63-161.

Notice by publication constitutes constructive notice. — Notice by publication, as provided in both Subsections A and B, constitutes constructive notice to landowners actually living in the proposed watershed district. 1963-64 Op. Att'y Gen. No. 63-161.

73-20-9. Referendum.

After the board of supervisors has made and recorded a determination that there is need, in the interest of the public health, safety and welfare, for creation of the proposed watershed district, it

shall consider the question whether the operation of a district within the proposed boundaries with the powers conferred upon such districts in Section 73-20-13 NMSA 1978 is administratively practicable and feasible. To assist the board of supervisors in this determination, the board shall, within a reasonable time after entry of the finding that there is need for the organization of the district and the determination of the boundaries of the district, hold a referendum within the proposed district upon the proposition of the creation of the district. Due notice of the referendum shall be given as provided in Section 73-20-8 NMSA 1978, except that, notice sent to absentee landowners shall also inform them of their right to request a ballot. Such notice shall state the date of holding the referendum, the hours of opening and closing the polls and shall designate one or more places within the proposed district as polling places. The board shall appoint a polling superintendent and other necessary polling officers giving equal representation to the proponents and opponents of the question involved. Ballots shall be sent to all absentee landowners upon request and they may vote by return ballot by first class mail.

History: 1953 Comp., § 45-5-27, enacted by Laws 1957, ch. 210, § 9; 1975, ch. 294, § 3.

ANNOTATIONS

Legislative intent is that the board may, after the hearing and tentative decision to include additional lands, immediately conduct a referendum. Under these circumstances, a combined notice that complies with all the statutory provisions is sufficient for both the hearing and referendum. 1975 Op. Att'y Gen. No. 75-44.

73-20-10. Ballots.

The question to be voted on shall be submitted by ballots that define the boundaries of the proposed district as determined by the board of supervisors. Only owners of lands lying within the boundaries of the territory, as determined by the board, shall be eligible to vote in the referendum.

History: 1953 Comp., § 45-5-28, enacted by Laws 1957, ch. 210, § 10; 2003, ch. 228, § 2.

The 2003 amendment, effective June 20, 2003, rewrote this section to the extent that a detailed comparison is impracticable.

73-20-11. Votes; results.

The votes shall be counted by the election officers at the close of the polls and report of the results along with the ballots delivered to the polling superintendent, who shall certify the results to the board of supervisors. If a majority of the votes cast favor creation of the district, the board of supervisors shall certify the results to the county clerk in the county involved. Upon proper recording of the action, the watershed district shall be duly created. After recording, the certification shall be filed with the New Mexico department of agriculture.

History: 1953 Comp., § 45-5-29, enacted by Laws 1957, ch. 210, § 11; 1973, ch. 332, § 5; 1977, ch. 254, § 49; 1987, ch. 234, § 74; 2003, ch. 228, § 3.

The 2003 amendment, effective June 20, 2003, substituted "New Mexico department of agriculture" for "forestry division of the energy, minerals and natural resources department" at the end.

The 1987 amendment, effective July 1, 1987, substituted "the forestry division of the energy, minerals and natural resources department" for "the soil and water conservation division" at the end of the last sentence and made minor changes in language in the second, third and fourth sentences.

73-20-12. Directors; election.

A. Within thirty days after a watershed district is created, the board of supervisors of the soil and water conservation district involved shall cause an election to be held for the election of a board of directors of the watershed district. The board shall consist of five members. The first board shall determine by lot from among its membership two members to serve terms of two years, two members to serve terms of three years and one member to serve a term of four years. Thereafter, as these initial terms expire, their replacements shall be elected for terms of four years. Vacancies occurring before the expiration of a term shall be filled by the remaining members of the board for the unexpired term. Two or more vacancies occurring simultaneously shall be filled by appointment by the board of supervisors. The board of directors shall, under the supervision of the board of supervisors, be the governing body of the watershed district.

B. If the territory embraced within a watershed district lies within more than one soil and water conservation district, each additional soil and water conservation district having a minority of the land involved in the watershed shall be entitled to elect three additional directors. These additional directors after their election shall determine by lot one of their number to serve a term of two years, one a term of three years and one a term of four years. Thereafter, their successors shall be elected for terms of four years. The representatives of each of these minority districts shall fill vacancies in the district's membership for the unexpired term.

C. The board of directors shall annually elect from its membership a chairman, secretary and treasurer. The treasurer shall execute an official bond for the faithful performance of the duties of his office to be approved by the board of directors. The bond shall be executed with at least three solvent personal sureties whose solvency shall exceed the amount of the bond, or by a surety company authorized to do business in this state, and shall be in an amount determined by the board of directors. If the treasurer is required to execute a surety company bond, the premium of the bond shall be paid by the board of directors.

D. The board of directors shall prepare and submit to the department of finance and administration such reports as it may require from among those required to be submitted by other political subdivisions.

E. Each person desiring to be a director of a watershed district shall file a nominating petition with the board of supervisors, signed by ten or more landowners within the watershed districts of the county involved, or, if less than fifty landowners are involved, a majority of such landowners. If the candidates nominated do not exceed the positions available, they shall be declared elected. No person shall be eligible to be a director of a watershed district who is not a landowner in the district in which he seeks election.

History: 1953 Comp., § 45-5-30, enacted by Laws 1957, ch. 210, § 12; 1973, ch. 332, § 6; 1977, ch. 254, § 50; 2003, ch. 228, § 4.

The 2003 amendment, effective June 20, 2003, in Subsection A, deleted "or districts" following "water conservation district", inserted the sixth sentence; substituted "the district's" for "its" near the end of Subsection B; substituted "shall" for "must" preceding "exceed the amount" in Subsection C.

ANNOTATIONS

Authority to cause election to be held. — Laws 1957, ch. 210, § 12(e) (Subsection E of this section) does not provide for the possibility that more candidates could be nominated than there are positions available. Under the act, the board of supervisors of the soil conservation district (or districts) involved has the authority to cause an election to be held for the election of a board of directors of the watershed district. The board of supervisors must comply with the procedure set up by the act in all cases where there is a specific provision which can be followed. 1957-58 Op. Att'y Gen. No. 57-116.
