

Continuous Additional Growing Area #: _____ (Fill in number)

There is no area limit for a single contiguous growing area. Multiple growing areas (not contiguous) can be included in one license under the following conditions: each growing area is within a 2.5 mile radius of a central point, and the total growing areas do not exceed 10 acres (435,600 square feet) under one license. Each growing area, covered under one license, must be owned or leased by a single licensee. Growing areas outside a 2.5 mile radius or in excess of 10 non-contiguous acres are required to be registered under a separate license (Multiple contiguous greenhouse bays are considered a single growing area).

1. Growing area location: Latitude (Decimal Degrees i.e., 32.86312): _____
 Longitude (Decimal Degrees i.e., -106.294074): _____
